The Story:

I chatted to the charming Lee while waiting, then the headmistress bade me enter her office.

She showed me a desk full of magazines with sticky pages; in spite of my protests, she insisted that it was my desk as my name had been scratched on it. She then made me confess to all bad things wot I done since I last saw her (quite a lot, but I didn't tell her everything) and then she thought about my punishment.

To my secret delight, she concluded that instead of being punished, what I needed to be taught a lesson by a gorgeous woman, and she was (Oh, yes she certainly was) the person to do it. So I learned about sex in many positions, about how to please my headmistress, about how to hold it back, and finally when to release it.

In the end she made me promise not to tell the other boys that I'd had sex with the headmistress, so that's why I'm not telling you.

I'm already looking forward to my next lesson.
