The Story:

This was my first ever punt and it won't be my last with a girl like Emily. I'm always a little dubious when reading other FR's, thinking that they're written by the girl herself or her agency, but what can I say - this woman is amazing! I've heard of GFE but I never thought that this kind of intimacy would be available from a working girl but I've been proved thankfully wrong.

Aside from being totally stunning, Emily is funny, kind, intelligent, self effacing and very, very naughty. Though originally from Latvia, her conversational English is very good and she has a fantastic sense of humour. She is a very cool chick to have around.

She came to my hotel and we hit it off straight away, after dinner and a few drinks it was back to the hotel for a little fun. Emily gives a BBBJ like no other and is totally sex mad, plus she has one of the nicest, sweetest pussys I've ever tasted. This woman is incredible in bed and will do everything in her power to keep you satisfied, including a lap dance if you get her drunk enough. She even 'helped me out' when I woke up with morning glory before getting her cab. What a trooper!

Emily is worth double what I paid, so do yourself a favour and book her for an overnight, she is more than definitely worth it. I can't say enough good things about Emily, she is a very sweet but very naughty young lady and I will be booking her again.
