### The Premises:

Ground floor flat in converted house less than 5 minutes walk from Finchley Road tube. Clean and tidy, and very discreet as the entrance to her flat is not the main communal entrance but tucked around the side of the building.

### The Lady:

Cute, short redhead with an endearing accent and a nice smile.

### The Story:

Don't remember the exact date but it was the day the Jubilee line broke down so I was running late and more than a little frazzled. Tiff took it all in her stride, made me a cuppa and let me finish ranting at London Underground.

Tiff gave me a good deep massage which further reduced the Tube-related stress before she started playing with my cock and sucking it. She has a great technique and it wasn't long before I needed to get inside her. She looked great astride me but she really enjoys doggie so that's how we finished up with me enjoying the view via the mirror by the side of the bed.

Chat and a fag afterwards - very nice girl indeed with some hilarious anecdotes about both her escorting and modelling lives.
