The Lady:

Bonnie is blond with nice large firm tits and hard nipples that stand out like hat pegs. She is about 35 years old, with 36c boobs and very leggy.

The Story:

Bonnie met me at the door wearing a white nurses overall, I followed her up stairs to the bedroom looking at her lovely ass on the way up. We settled the money side with me going for a full service. she left the room telling me to make myself comfortable and returned a few minutes later with me stripped off.

She asked me if I wanted to undress her which I did, as her overall fell to the floor I could see she was wearing a sexy Bra and skimpy knickers which were soon peeled off revealing her lovely firm tits and a shaven pussy.

I lay on the bed face down where she started to massage my back, what a wonderful feeling as she slipped her hand between my legs and stroked my balls and slowly hardening cock.

She asked me to turn over and played with my balls while I was sucking her hard nipples, my old man was standing rock hard by now.

It was time for the rubber to go on which she did with her mouth all the time keeping eye contact. She then moved to the 69 position giving me chance to lick and suck her juicy pussy, what a lovely taste.

Now it was time for me to fuck her hard, we started with her on top, what a rider she is, then we moved to the miss. position with my cock going deep into her, which I think she liked as she was bucking and shouting just as I shot all my cream into the rubber. we lay together for a while talking before she took off the soaking rubber and helped me to clean up.
