The Story:

This was my second visit to confirm that the first was not a dream.

And there is no doubt about it ? Helen is the best. She is everything her website suggests and a whole lot more besides. She takes you in as a long lost friend, kisses as deeply as you want and puts you at complete ease. Her oral technique has been commented on long and often and there are not enough superlatives to do it justice. Suffice to say that you leave drained, with a huge smile on your face and very wobbly legs.

I arrived to her welcome with deep kisses and, as usual, no underwear so you can get straight down to business. Her breasts came out to greet me and I could have got lost in them. Her fanny tasted as sweet as ever. And when her lips closed over my throbbing shaft, just pure bliss. She took it all in with long and deep strokes and drained me completely. What a woman - a wonderful way to spend an hour.

Thanks Helen.
