The Premises:

Flat in a nice residential area, safe I think but I never like punting in residential areas - too many curtains to twitch! The door is pretty anonymous but still a bit too open for my liking. Still once inside it was OK - but very dark! All curtains drawn and fairy lights round the windows but I asked for the room light to be on. Usual porn on TV and a very squeaky bed - which had a foot board - I am 6 foot and it was too short for me - I banged my toes on the end!

The Lady:

I have seen Paris a few times recently after having discovered Kandys had been under my nose for weeks without me knowing, I usually go to Dawley. Anyway, she is described as a Sophie Anderton look alike - I didn't know who that was! So I checked and yes she does a bit - but I thought more Lorraine Chase for those old enough to remember her. I'd say mid twenties, thin (8) and smallish but firm natural boobs but overall a nice looking lady - and indeed a nice lady anyway who really does enjoy her work.

The Story:

Paris is a really pleasant person, perhaps a bit too chatty to begin with and has had quite an interesting career she said from WG to McDonalds manageress back to WG. Still the Golden Arches loss was my gain - I opted for a hand job and tentatively asked for anal fingering - not all girls do it and those that do don't usually know what I like. I was offered a choice of serious massage or sensual - the latter being the usual short tickle and turn over. It was OK and we chatted rather offputtingly about anything but sex! Once I was on my back though she seemed to know what I needed and she brought me to a fantastic orgasm by hand with two fingers up my bum. I came rather alot which is always a good sign. So the only drawback is the place itself - I much prefer somewhere where you can arrive and depart in secrecy and for me a flat in the middle of an estate is too obvious.
