The Story:

As it was Wimbledon, she arrived wearing a superb tennis outfit, complete with pleated skirt.

Rachael is one of those women who make me, as an overweight, ageing old git, very nervous and shy.

Months ago on a previous visit to this place I had seen her and been so taken with her looks that I had thought about her often.

Now I have actually seen her I am still impressed.

I am grateful that the line of work she has chosen allows me, past it as I am, to sample her charms.

I will not go into detail, but the usual format is followed, massage, OW, all very nice with her looking you in the eye (and scaring me to death, I felt so unworthy)

Eventually we moved off the massage table to the sofa where I was encouraged to try doggie.

Being nervous and in a "use it or lose it" state of mind, I didn't even try my favourite of mish, but raced to the tape as we were.

I was pleased, as I thought I may be too nervous to go the distance as has happened in the past at this establishment.

I would certainly not describe our time together as a GFE, but as "businesslike", and that's good enough for me.

I would definitely see Rachael again, and possibly try to take it more slowly next time.
