The Premises:

Entrance off busy Nantwich Road, up stairs - ring bell and get let in without too much hanging around

Has a back entrance, but isn't signed as far as I can tell, so used front door instead.

The Lady:

Louise is about 5'7" (guess 'cos I'm pretty tall and it's hard to tell!) Lovely fit & tanned body, small but perfect boobs. Only spotted 1 tiny tattoo. Blonde, long and straight hair, great arse. She was wearing red bra/panties initially, though not for long!

The Story:

Started with pretty uninteresting fingertip 'massage' to my back - slight attention between the legs, but no great shakes. Turned over, where attention turned to more arousing matters. Louise asked at this point "do you have any extras?" which sort of spoiled the moment for me a little, but once the business was over (agreed ?10 for OWO - +C available for another ?10, but didn't have it on me) OWO was probably the best I've had, proper licking and eye contact too! Covered up, and Louise rode me, I had a perfect view of her shaven pussy as it went up and down on me. Switched to doggy, where the session reached it's inevitable conclusion.
