### The Premises:

As previously described, functional

### The Lady:

Quite prtty, black, 38DD breasts

### The Story:

Started off well, but then started to get a little rough. After explaining that my foreskin doesn't come back she quieted down a bit, but later a couple of vigourous 'pulls' meant tht I was starting to dread when the next big one would be !!!

As a result, it became obvious that the ittle fella would not be willing to play that day !!!

Shame, because she was nice apart from that !!!

Perhaps I'll try again but be a bit more forcefull from the start next time?
