The Story:

This was a great experience, though I let myself down more than anything else. I spent the first hour just talking to her, and then most of the second hour trying to please her. She made plenty of effort to try and reverse the trend though. I guess I showed my inexperience again as the " end game " didn't happen. Everything was on offer that I wanted, (cim. anal) but all I managed was the owo, and that was during one of our conversations. I just lost the timing of it all, and before I knew anything else, it was time to go, all my fault, but at the end of the day, I enjoyed myself, I hoped she enjoyed herself, but I'm not sure she did !!!

I would certainly visit her again, except this time I might not make the same mistakes again !!!
