The Story:

I've been to see Penny seven times now, one was an overnight which was fabulous, that alone speaks for itself.

When you arrive Penny greets you with a lovely hug and kiss and you know you are in for something special. You get a nice drink - I usually get wine which I uncork because Penny likes the noise it makes. She's really sweet, like the wine itself.

If you like girls that are voluptuous and curvy, then Penny is the one. She seems to be about a 16 to 18 to me though she says on her web site the next size up. Maybe it's an illusion because she's got tiny hands and feet and her legs are lovely in those heels she wears (and out of them). Passionate is the word, Penny knows how to kiss and doesn't stop which I think is great, a real turn on. I don't think anyone could be more sensual.

What more can I say - sexy, pretty face, lovely boobs, nice bum and yes the mouth of an angel. For me every time I visit feels like I'm really having a fling with her it's that real, I don't want to leave. I'm not going in for anything graphic because that's not me but if I did I wouldn't be able to fit it on this review. I don't really know why I'm telling you guys all this because this Penny I've found I want to spend time with wisely on my own. She's a delight.
