The Premises:

Nice little flat on the corner of Baker Street, I went there in the night so, no Fu..ing Congestion Charge! Why I have to pay to drive my car is beyond me, however, Francesca is worth more than a congestion charge, I can even take the tube to see her. No fucking terrorist can stop my lust!!!!

The Lady:

I just can't believe that Francesca is an EE girl, she looks Italian, maybe Spanish, her English is pretty good, with a lovely American accent. She has the very same attitude of Italian girls, warm, friendly and so, so sexy. She assured me that she's from eastern Europe, which for me it's not a problem at all, that's ok, but those eyes, and that body? and she's so young?. GREAT!

The Story:

Pretty, young, warm, sexy! Bellissima! A passionate kisser, not very skilled in the art of sex (at the end, she's so young that I believe she's plenty of time to learn?) but, after all the money I'm spending in punting I can say that never in the last two years, and absolutely never in London, I've found a so passionate girl. Francesca doesn't need to be a porn-star, she's just a fantastic young girl. Great kisser, passionate lover and still... that glimpse in her eyes, she looked? pure! Drops of youth for only ?150? it's a bargain.
