Her photos on the web are flattering but dont get me wrong her curves are in all the right places and she is agreeable on the eye

The Story:

I am going to keep this one short. I went to see this girl based on a previous report. I must say that it was well worth the time and effort. Her BBBJ is silky smooth and she really knows how to use her tounge. Sex was mish and she made all the correct noises in the places she was meant to. Would I go and see her again - I honestly dont know there was a warmth missing that I have experienced with other girls.
