The Premises:

Clean newly decorated flat just off Leicester Square/Wardour St. Felt as safe as one normally feels around that area, late at night.

The Lady:

As per the photos on the website. Ann is a tall Russian girl with tinted red hair, and a voluptuous figure. "Built for comfort, not speed" as they say and a very nice person too.

The Story:

As usual, I was feeling randy after a late night and rang Victoria at the Agency to book with Illona, who was not available. Ann was suggested as a substitute and after much deliberation on my part, I went along to see her.

Ann was charming and very obliging. After an initial bout of french kissing as we undressed each other, I lay her back on to the bed and explored her body, eventually paying particular attention between her legs with tongue and lips. Ann was writhing and moaning as I continued to kiss her breasts, face lips and pussy and we were really getting into it when I remembered the time limit. Regretfully, I came up for air and Ann returned the favour, with a slow, sensuous BBBJ which got me harder still. We tried sex in cowgirl and then missionary, but I was not comfortable and, by now very aware that time was running out, I was beginning to panic that I would not come.

I need not have worried. Sensing my discomfort as I got off the bed, Ann moved to the edge and asked me to remove the condom. She then took me in her mouth again and revived my flagging erection. She continued to lick and suck until I could feel the sap rising.

I am not sure whether CIM was on offer. It probably was. Ann seemed to want to anticipate my climax, maybe so that she could withdraw before the explosion or maybe to expect a mouthful. Either way, I grabbed a tissue, and at the last moment before my climax, pushed her head away and ejaculated into the tissue. I then cleaned up, dressed and with another deep kiss, we parted company.

Although we were running late, at no time was I rushed and Ann made sure that I was satisfied. She really is a find and well worth a visit. I will be seeing her again, next time for an extended visit.
