The Premises:

Pru's flat is in a nice City area, easy walking distance from Angel/Old Street. When you arrive, you'll have been told which buzzer to press, and Pru will welcome you in to the large apartment. It's nicely floored, with a largish bedroom area, a vast, fun, sofa in the lounge and a smallish dungeon - a very attractive environment to be welcomed into.

The Lady:

Pru's a very attractive black lady, with a lovely figure, and a very enticing laugh. She's described herself rather cruelly in her own pages, and is rather more petite than she'd have you believe.

The Story:

I had a wonderful time; some rather daft mild subby things and a bit of W/S - which was rather erotic in it's way, but not something I personally would necessarily repeat - fun though it was. She has the most lovely bits (described charmingly as "all my nooks and crannies") which you can adore to your hearts content.

Despite my personal ambitions, and Pru's best efforts, I wasn't able to achieve the expected conclusion a second time - but not for the want of *lots* of fun things from Pru - who ended up with me moaning away ecstatically in a heap. [I think my collapsing in giggles when tied to the bed may have contributed to my failure the second time]

She's very bright, intensely articulate woman, who's amazing fun - I thought the visit outstanding value, and will certainly visit again. I think having read her blog helped a lot in letting me think that I knew her a bit already. Thanks, Pru. I had a great time.[Oh, and I did find a book to read...]
