The Premises:

Very pleasant part of Notting Hill, virtually no-one about the day after the carnival. Flat was actually just on the corner of the road which gave it its postal address - still easy enough to find. Inside an anonymous communal hallway, and in the flat a bright airy bedroom and a small but clean bathroom.

The Lady:

Pretty little Polish girl - description and photos on web-site accurate. Pretty face (slightly Britney Spears) brown eyes and bottle blonde, but bit of a saggy tum - cleverly covered in the photos - though not a patch on mine of course! Nice boobs and clean shaven. Sweet and obliging nature, and English good enough for a pleasant chat about living in London between rounds

The Story:

Karina's paying her way through language school, and is the sort of girl to do very well in the world. She'd be a lovely girlfriend, but clearly has ?boundaries? in this job ? so a nice punt, but not outstanding

CBJ and no RevO, then cowgirl and mish first time. A rest and a chat, but then round 2 (always in the balance for me anyway nowadays) she put on so much lube that prolonged action got me nowhere near. She was alert to this and finished me with a highly energetic hand-job which did the trick nicely.

Decent quality and agency was very efficient
