The Story:

It was Saturday, the sky was crying and my cock was leaking. I had an appointment to see Tia at 11:15.

I arrived 10 minutes early, so I sat in the car and did some paperwork. House of Divine is located in a relatively quiet part of Central Milton Keynes so there weren't many people milling about. A couple of people walked past my car: one was a middle-aged brunette with a potbelly and frizzy hair. Another was a pretty blonde in jeans and trainers. Nice tight jeans and a wiggly ass. My cock let its presence be known. This was putting me in the mood for some sweet loving. After another 5 minutes I walked to the parlour door and knocked. A little brunette in a red silk teddy showed me in. Her name was Nancy. She showed me into the room and brought me a glass of water. I switched on the CD and Frank Sinatra began to sing.

The door opened and in came Tia. She was the pretty blonde who had walked past my car. She was hot ? I should have brought my oven-gloves! I felt like getting a stiff drink to steady my nerves, but I decided to stay and give Tia a stiff drink instead!

We stripped off and I lay down for a quick back rub. Then I flipped over for some cock manipulation and ball stroking. She began playing with herself too as if she had been waiting all week for a shag. I was rock hard so she slipped her sweet, pink lips around my manhood for an initial bout of oral without. Then she moved her face close to mine and initiated a wonderful round of full fat kissing. This was a real treat because she is young, beautiful, and had the softest lips and most inquisitive tongue. Then she climbed on top of me for some cowgirl. She pounded away as if she'd been

looking forward to this as much as me. I felt I was getting a bit too excited too early, so I asked to change to mish. As I poked her pussy, she rubbed herself wildly and looked like she got close to an orgasm. She said she loved doggy so we changed positions and I slipped into her. I almost never come by means other than a handjob, so it was a real surprise when I felt myself beginning to boil over. I immediately stopped thrusting into her and I braced myself. She looked back and said, "You ok?"

"Yes," I muttered. "Just wait!"

We remained motionless and silent for the next 5 seconds ? then I felt that perfect moment when from the depths of my soul my cock began to pulsate 4 or 5 times as it emptied its wad inside Tia. I knew Tia could feel every pulse, and she graciously waited for another minute for my joy to subside. What a feeling! Yet another parlour moment seared into my brain for me to recall on those long winter nights.
