The Lady:

Trisha has been described in many other reports. She is a voluptuous lady who can kiss for England. I would be happy to spend time with her just kissing - she is so good.

The Story:

I first met Trisha during an earlier visit to Libby who was more than happy that I returned to spend time with Trisha. I am certainly glad that I did. She greeted me like a long lost friend, and very soon we were both naked, kissing and touching each other. This was quite fantastic and before long we were locked together in a passionate session of 69. Trisha's oral technique is quite special and she orgasmed twice as I licked her.

After the 69 we lay together with her on top of me ? more kissing as she rubbed herself against my erection. All this time I was holding her lovely bottom and gently slipping my finger into her very wet pussy. She is very good at talking about dirty things and we were able to spend a lot of time exchanging ideas about fantasies and ?most exciting experiences?.

When we finished our talk Trisha rolled off me and without comment put a condom on me. She then got on top of me for some very frantic sex . I am still not able to get out of my mind the thoughts of her on top of me feeling her tightness around me. The sex was very special ? but then Trisha is a very special lady!!

After the sex, we stopped for more kissing ? to her credit she is not a clock watcher and I am already looking forward to another visit. Thank you Trisha.
