The Story:

Julia is such a sweetheart. She is gorgeous. A beautiful smile, bedroom eyes and a stunning body. She has a fantastic attitude. She really seemed to enjoy every minute of our time together. She has a lot of energy and knows just what to do to arouse and deeply satisfy a man. Honestly, it was like we had met in a bar and come back to my hotel room for a few hours of great passionate sex. She is that good. Her kiss makes you forget where you are.

I won't go into details but just writing this brings back the whole incredible experience. I will see her again. Counting the days.
