The Story:

Firstly I must apologise to Lara for the very late filing of this FR. I had told her that I would do it within a few days of my visit but circumstances conspired against me. However better late than never and doubtless Lara will inflict suitable punishment when I next visit.

I have visited this establishment before [see previous FR] but this was my first encounter with Lara. When she entered the room I was immediately struck with how attractive she looked and also how leggy she was - a very definite turn-on.

I explained that I would like to indulge in some domination and laid down the boundaries, which Lara understood. After dealing with the formalities Lara left the room whilst I got ready.

When she re-entered the room it was clear that Lara meant business, ordering me to get to my feet and stand against the cross in the corner of the room, hands and feet being quickly shackled.

There followed a session of domination in which Lara demonstrated very considerable expertise. Although never crossing the boundaries that I had laid down she certainly pushed them to the limit. The finale was fantastic making everything that had gone before well worth while.

A very satisfying visit and a young lady that I will definitely be visiting again, at which time I will be more than happy to extend the boundaries and have Lara be rather more severe with me.

Highly recommended.
