The Premises:

Nice place above an Engineering works on one of the main routes by Aintree Racecourse. Unusual for liverpool shower en suite so was able to get clean before the lady came in

The Lady:

Long dark hair young (21) fuller figure but not too much .A woman with curves so not for the stick insect lovers amongst you.

The Story:

Not seen Taylor before but been to this parlour a few times. Always made to feel welcome. Another Lady Lee was also working and if you like your women Blonde and lots of bust then she is probably an option for you.

I opted for Taylor which is not like me as she is the younger and I tend to avoid younger girls.

However I have seen Lee before and while she is very nice it just did not gell for me. She is awlays polite to me but for me it just has no spark.

Taylor was a good choice she is very friendly and very horny. You get the impression that she enjoys sex and provided you treat her with a little respect i am sure she will give you just what you are looking for. I was told she does specialise but to be honest as this was a first visit I stuck to the normal oral with and sex in a few positions. As always I lusted after her arse and that may well form the basis of another visit. Not sure if that is one of her specialities but suspect it is . May well write a follow up if I pop that cherry as well.

All I can say is Liverpool has nothing currently to compare with the best of Manchester but this was a very acceptable even enjoyable visit and I will be calling again.
