The Premises:

Bit exposed going in next to an open shop door but its not a problem if like me you are not known in the area. Standard arrangement inside, reasonably clean. Shower available. Just one girl working on a Sunday afternoon.

The Lady:

Pleasant fair-haired girl, not a beauty but nice girl-next-door type, shapely and fit. She warned me, before I paid the receptionist, that sexual intercourse wasn't on the menu today but lots else was. In the room she offered OWO or Anal without asking for extra money but I opted for covered 'O' and a handjob. I'm just a little health conscious that some of you guys who might have been there before me, could have left her with a germ or two.

The Story:

She took her top off and just kept on some black panties. Good massage with lots of tit rubbing on my cock. Let me suck her tits and play around her crutch with my hand, but I didn't push it too far as she probably had her period. For the price it was a good punt and a good cum - aren't they always!
