The Premises:

Brooklyn's is on the first floor and has 2 entrances, one situated in a busy road and the other from a car-park at the rear. I went in from the front after working out the numbering system.

The Lady:

Louise was one of 2 girls working that day, late-20s with a petite yet well-rounded figure.

The Story:

Brooklyn's weekend rate is ?35, which seemed excellent value. There was a short wait while Louise finished with another client. I had a shower in the cubicle next to the room but the light wasn't working so I had to leave the door open.

Louise enjoyed reverse oral and then gave me covered oral at just the right pace to keep me interested without bringing matters to a premature conclusion. Plenty of eye-contact while her head was bobbing up and down and with her legs wide enough to view and explore. We moved on to doggy then to the mish; all too quickly the show was over. Louise didn't run off like some girls do but chatted while I dressed.
