The Premises:

A nice little ground floor flat 10 mins walk from Harrow-on-the-hill tube station up a small side road. There's parking across the road at another house...ask the maid on the phone for the details. Felt very safe...this place has a nice mirrored room too with quite a big bed.

The Lady:

Rather than me try and describe Vanessa take a look at her pictures via the link

Trust me lads...she really does actually look like this

The Story:

She was fantastic...I had a hard-on on the car on the way there after looking at her pics so when I got my kit-off I was raring to go already. A decent covered blow job and to start and she swung her ass round for me to play with her clit whilst doing it...which was nice. Then at least 20 mins of fucking in multiple positions. Her fav was definitely on top and she loves watching herself riding in the mirror...that was enough for me and I blew my lot all over the place...an absolute must for all those North London mongers out there..
