The Premises:

City Hotel. Bristol. Nice smart restaurant to meet in first. Nice atmosphere and on to basic but pleasant room with facilities.

The Lady:

Mid 40s lady as anticipated. Extremely well presented in business attire. Other reports were accurate and her rear was nicely accentuated in her trousers. I think she was a little nervous at first but soon warmed with a nice broad smile. I requested black lingerie with stockings and she obliged after a brief change in the bathroom. The resulting appearance was extremely sensual to say the least. She is petite and quite curvacious - her gallery pictures are accurate and I was not disappointed. She keeps herself well and she is undoubtedly a natural blonde. I was pleased to see what is becoming quite rare, a nice bush of pubic hair.

The Story:

I really enjoyed my meeting, so much so I felt that I should write this, my first ever report. Conversation was easy and she is clearly well educated. I won't discuss the private matters but rest assured that she enjoys her meetings which I understand are quite infrequent. Working meetings are obviously as much about liberating herself and enjoying another side of her character in contrast to her normal professional role.

Only one small downside is the resulting difficulty in booking her and general lack of availability. Finn is however a wonderful discovery for the more discerning gent.
