The Story:

My first meeting with Tara and arranged at short notice the day before. I arrived at the hotel early, bathed and chilled with a bottle of wine until Tara arrived on time. We chatted away for ages over a couple of bottles having discovered a mutual interest. When eventually we locked horns so to speak I was so relaxed with Tara the sexual side to our encounter seemed so natural and yet very energetic. Tara is so comfortable with her sexuality and I got very exited at her response to my attempts to pleasure her. Boy is she vocal. I forget the sequence and score as it now seems a blur of hedonistic pleasure, enough to say I left later with a warm glow and the hope that the large damp patch on the sheets indicated Tara may consider me worthy of a second visit. What is a girlfriend experience? Possibly this. Thanks Tara for being so generous with your time, we over ran by a long way.
