The Story:

Had a good time with her, very sensuous massage, but felt a bit let down on the oral and the sex. Paid 15 pounds extra for oral without, but when she started, she told me that she did not want me to come straightaway, so we moved straight into mish which was alright, then to doggie. When asked to come on top, she said she'll do it by hand. Had a good explosion, but did not like the fact that she still asked for the extra 15 when she did not do the oral without, looks to me to be one of those who just likes to take money from the client and do as little as possible, that's the total opposite to ladies like Channel and Louise with which I had a great time at cjs on numerous visit. Alright to visit her, but don't go for the extras.
