The Story:

been wanting to see her for a very long time but hadnt really been round london until now,called up and got the address,soon as she opened thedoor was a bit dissapointed as she looked quite different from the pics + she seemed kinda cold,sot showed in and was asked to take my clothes off(kinda shocked @ the way she said it)anyway i had a shower came in and as soon as i got on the bed she jumped my D**k gave bbj for a few minutes and it was on to the condom,now her oral isnt anything to write home about but boy can she F**k,we had sex in every imaginable position she is as creative as i am or probably more,busted the first nut,she had a glass of water and she woz on my D**k again barely 5mins l8er wasnt complaining as i was up for it got hard slipped the mac and it was on to round 2 she wanted it doggy who was i to refuse i pounded her like that for ages and she takes it real hard and deep,she finally came after bout 20mins and i followed not long after cleaned up came back then she got very chatty and was actually really sweet and friendly though her english is terrible + she's got a very strong accent we managed to have a bit of a conversation after bout15 mins she was up for it again so she sucked my cock and i humped her again! and she came again!! sadly couldnt bring myself to bust the 3rd nut besides i looked @ the clock and i was half and hour over my time,didnt want to take advantage and she didnt have any lube or oil to wank me so i decided to take my business home. Was a really enjoyable punt she kinda grows on u after the initial dissapointment and i probably would go back and see her after a while but ive got like 80 other escorts to see in london alone b4 2007. Highly recommended
