The Lady:

If you like the thought of a busty vivacious Goldie Horne then that is Lauren.
She is very well educated and sexy demenour.

The Story:

As per field report 59567 I also had an amazing time.

There is no wham bang with Lauren and one of the great things is that she clearly enjoys what she does and has an amazing libido.

I asked her to dress in black stockings which she duly obliged and we had a great conversation before getting down to business.

The session can only be described as intense and as for her blow job ? well that is something that can only be described as world class and is something that I will remember for a long time ? well at least until my next visit.

Whilst she was not the easiest of girls to reach on the phone it really was well worth the effort.
Lauren is something very special
