The Story:

After two intensive days of business in Manchester, I needed a little light relief.

And Natasha provided just what I needed.

I had not used Cheshire Companions previously, and checked earlier in the evening what the latest time for a booking was (midnight). It was just before midnight when I eventually was able to ring and was told that two girls were available that suited my requirements. I booked Natasha, who turned up by 12.15am.

She was as described on the website - in fact could have passed for a year younger. She was bubbly, cheerful and good to talk to.

After dispensing with the financial arrangements and checking what she did not do - anal - we got down to business.

She slowly undressed me, as I removed her dress and underwear, to reveal a great feelable body.

Natasha then treated me to a lengthy session of nipple kissing, anal play, ball play and finally uncovered oral. She completed the job with a nicely lubbed finger in my anus as I came in her mouth. After sucking me dry she swallowed the lot.

She was happy to be touched and sucked and responded well to clitoral massage.

If I was writing a school report on Natasha I would say she had great potential, she will make a lot of guys happy.

She is young, fun, has a great body, uses it well and was just what I needed on a cold night in Manchester.
