The Story:

Read previous reports and visited the web site. When I called I was pleased to learn that Louise was actually working that day since she looked perfect from the web site. When I met her I realised that the pictures did not do justice to her she is much better, in fact she is about as perfect as you can get. Knowing that the session with her would not last long I opted for the come twice option which was a wise choice. Most services are on offer and you pay ?10 for each service on top of the basic service you choose.. Started with a lovely slow covered BJ which was amazing. I could not believe how much she appeared to genuinely enjoy what she was doing. After a few minutes I could feel things happppening and off with the rubber and she said I could offload on her. Well did I there was gallons and it went all over her which she was very happy with. After a quick break to clean up on to round two. This time she got on top and again amazing. She has a piercing below which is very sexy and she knows exactly what to do. We built up quite a sweat then I moved on top and continued and now it was her turn to come which judging by her juices was also massive. She then was quite sensitive so I finished the second time over her tits with another large load. This girl is incredible a real GFE, the 40 minutes with her went in a flash. I can't recommend her enough but my only worry is when I want to see her again she will be busy.
