The Story:

Saw Diana's pictures and recognised her from a previous encounter through another agency. I'm quite certain I even wrote a report on her then.
I was led to the bedroom and watched Diana slip out of her nightdress whilst I shed my work gear. She flashed her tongue over my nipples while I fondled her gorgeous bum and licked between her legs. Moved onto the bed where Diana climbed over me and licked my nipples again and gradually flicked her tongue lower and lower. Her owo is really sublime and soft and soon I had emptied the first load with cim. She went to the bathroom before coming back smelling of mouthwash and was happy to chat for a while. Received a nice massage from her before she cuddled up to me and let me kiss her all over. Sucked on her nipples before returning with the owo. She's really good at this and as I didn't want to cum too soon, asked to be covered up for some penetrative action. What followed was a really good session of mish which rounded off the session. She even removed the condom and helped me clean up before I got dressed.
