The Premises:

I've been to this place once before. It's very easy to get to from Harrow On the Hill tube. The receptionist was helpful on the phone, and very friendly when I arrived. The room is excellent. Warm, with lovely soft lighting, music playing at the right volume, and a brilliant mirror set up.

The Lady:

Louise is blonde, early to mid 20's. Attractive, and just a perfect body. She has the most amazing breasts. They're a large medium, if you guess what I mean, with large and mesmerising nipples. They have that wonderful natural bounce. Louise is about 5 feet seven tall, and perfectly in proportion - which is why I say perfect body.

The Story:

Louise is breezy and friendly, and down to earth. It was one of those times where it was nice not to get that suspicion and reserve that is perfectly natural, but a barrier nevertheless.

Louise didn't waste anytime in stripping off. And as mentioned above, its certainly the wow factor. As we all remember looking at the girly magazines, and thinking if only I could...well in this case you actually are.

I was lying face down, and Louise didn't really give me a massage, she just felt around really, and leaned on me, and reached up and stroked my cock. It was all very pleasant. I must admit I was keen to turn over to see her body. I had a nice suck of her tits, and a good feel. My only criticism is that this part felt a bit rushed, and I sensed she was eager to move on to the sex. A little more foreplay would have been nice.

However, the oral was good and deep, and a sight to behold. Louise slid on top of me, and started to pound away. But as mentioned the room was hot, and she said she was starting to overheat! So we swapped positions. I went in from behind. The view is most definitely saved in my mind. I think with Louise that you need a wank on the day before you go, as it can easily get too much. I came a couple of minutes sooner than I would have liked, but even so it was thoroughly enjoyable.

I had a good time, and will pay a return visit.
