The Story:

My first ever punt and at 22 im too shy to go into Sandy's so opted for the expensive outcall and after reading all the comments from other people I had to choose Leah. Was let down the first couple of times when we'd arrange to meet as something kept coming up so to speak. Finally met on the 3rd attempt and the previous 2 didnt matter anymore because the wait was definately worthwhile. Started off with OWO in a 69 but had to stop when she had her first orgasm as she went sensitive. Feeling Leah's pussy slide across my face was just magical! Moved onto her riding on top after a quick break with her facing away so I could watch the arse move. A+++!! Changed position a couple more times (doggy, missionary etc) where she had her second orgasm. Went back to another 69 for a while until she had recovered again. Then back to Leah on top, watching those great tits as she rode me was just fantastic! Finally went onto more OWO where she had her third and final orgasm, soon followed by me cuming into her mouth... which she then accidently spilt on the bedroom carpet!! Nice! Anyway, I know what you're thinking, it was ur first time and ur gullible to think she had 3 orgasms but you can't fake the intensity and the way the pussy gets so tight at the moment of truth - from the words of Leah herself "Are you trying to kill me!" - music to my ears!! Her driver seemed to get lost somewhere which meant that the hour of play (which I was very impressed - and shocked - that I'd gone the distance) was nicely followed by a 15minute chat about life, holidays and quote "Lap Dancers" unquote! Leah knows what I'm talking about ;-)
