The Story:

This was a spur of the moment punt after an evening out with mates that went awry, so considering the unsociable hour I was half expecting it to be less than great. Thankfully, this couldn't have been further from the truth - she greeted me with a very friendly smile, looking incredibly sexy. After a quick shower it was straight down to business; great OWO (she has a pierced tongue) after which I returned the favour. She seemed to enjoy it a lot, and tasted beautiful. The sex was very good, despite the fact I'd had way too much to drink (not something I'd make the mistake of doing again before a punt). Multiple positions, and great GFE throughout - plenty of kissing. Loads of energy too, and she seems very keen to please. All in all a great experience - it certainly salvaged my evening from terminal balldrop!
