The Premises:

Cosy flat in a large block. Quiet area, felt completely safe.

The Lady:

A dark-haired, creamy-skinned beauty who looks about 25, despite claiming to be in her late 30s. About 5ft 5in with a trim size 12 figure, she looks very like her website pictures.

The Story:

This was my second visit to see Heather and it was even better than that amazing first time. We had stayed in email contact, so it was just like seeing a lovely girlfriend. She greeted me wearing a tight little tunic dress with a long front zip, sexy black holdups and heels - just as I'd asked - and looked stunning, her long dark hair in a cute ponytail, her pretty face held up for a kiss. Her candle-lit flat is warm and welcoming, just like its owner! We sat together on her sofa sipping tea and chatting while I struggled to keep my eyes away from the hemline of her dress, now perilously close to revealing all. She has a wicked sense of humour and very expressive eyes - she's great fun to be with and you feel instantly at home with her. She toyed with the zip, amused by my close attention, and eventually allowed me to pull it down to show that she wore nothing underneath it. She has a gorgeous figure, and that flawless creamy-white skin that goes so well with dark hair and Celtic beauty. I could look at her all day!

Her boudoir (as she delights in calling it) really is a perfect love-nest. A cosy alcove contains a low bed ringed by huge soft cushions, soft lighting and - perfection personified - the delicious lady herself. Making love is an art and she excels at it, clearly enjoying it as much as I did. Heather just makes it all such a wonderful experience, with lots of variety, hugs and kisses, and a warm, friendly line of chat that keeps everything close and intimate. She doesn't clock-watch either and encouraged me to stay and cuddle her until - long after my time was up - we had to stop so that she could get to a dental appointment. It was a very reluctant farewell on my part: I can't wait to see her again!
