Katie Holmes lookalike with shaven pussy.

The Story:

Started off with some excellent oral .This girl can suck for England.

Next to the bed there was a box of toys that included a rubber trunion Abby allowed me to use slide this in and out of her pussy whilst she gave me a good sucking.

Following this she turned over and we had some hard doggy action with Abby shouting out how much she loves cock. When I told her that I was close to coming Abby asked me to spunk all over her tits. Who was I to argue?

A very professional girl that genuinely loves her job. Fully recommended.
