The Premises:

Hotel Room. Nice and clean. Did the job. Not very discreet as the hotel is very busy with tourists.

The Lady:

Simply stunning. Dirty Blonde Hair, Great Face with a pretty dimple. Absolutely kissable lips. Awesome breasts 34 EE (enhanced but a joy to hold). Lovely ribcage with a flat stomach and a shaved pussy. Legs were smooth and feel great when they surround you. Nice ass. Max has a great selection of English women and they are the best!!

The Story:

A bit hesitant to begin with. She asked me whether I wanted a shower which I took after a long day at work. She had stripped to bare essentials when I came out. On the bed with some initial apprehensions and then a bit of kissing loosened us up. She smelt great, felt smooth and was great to be with. I enjoyed every inch of her. The breasts were out of the world and after some good old gfe we switched to the raunchy stuff. Nice OWO without a hurry but so nice that I just came in her mouth. She could slow down a bit and make it more enjoyable I think. After she freshened up in the bath we were back on the bed chatting about where she came from, what her real name was and that she made good money in London. Back to kissing again which got me the second hard on and she gave me a good oral and insisted that I take her from behind which I gladly did. She wanted me to fuck her in the ass but though I wanted to I resisted, maybe next time. Off came the condom and some more OWO, which made me desperate so I got her into mish and fucked her hard. Round number 2 for me and I was a happy man. I would have liked her to scream and moan a bit to make it wild. A great punt for me. An awesome experience after some with the Eastern European women who charge too much provide ordinary sex and can't speak a word of English.
