### The Story:

Most of my encounters in London have always been exciting except the last one i reported. But this one with Caprice (Carlotta on Lilyfield and other websites) is out of the world. She has been on my to see list but was on a exclusive site but not in my range of 150. When i saw her new price i booked her.

I took a bottle of wine and she looked very sexy when i arrived. After havin some wine i got up and kissed her. She started unbuttoning my shirt. I fastened the process and dragged her to bed. She kissed brilliantly and i went down on her tight hole. I thrust my tongue into her sweet hole which she parted with her fingers. I can say she definitely enjoyed it. Then she asked me to lay back and gave me a blow job which is definitely the best i had. She played her tounge and mouth on my cock so well that i cummed in gallons ; unfortunately not CIM. But iam ok with that brilliant job.

Then we had a nice chat having the rest of wine; i played with her curly hair and nipples. After some time i got ready for next round when i was munching on her pussy my phone rang and that was my boss and i had to pick up. When i was talking on phone she put on rubber and started sucking my cock. She then made my cock disappear in her cunt. She started fucking me while i was still on phone and started making loud noises and i had to close her mouth with my hand. Once i put down the phone i started fucking her in all positions including anal. When i cummed i told her that it was one of the best sex i had. She just sweetly smiled.
