The Premises:

Nightmare to find. What building numbers there were gave no clue as to where the destination was. Pressed buzzer on most likely door. Inside, the flats were not numbered. Knocked on doors wondering what to say if they were opened by someone obviously not a WG - or someone who looked like one but wasn't. Luckily the only door that opened was the right one. Tip to self: heels approaching door = WG.

The Lady:

Very sexy, curvy body. Looked great in skimpy top and g-string. Exactly like her pictures. On a couple of sites like most ladies in London. Smiled throughout the encounter.

The Story:

Needed a shower to recover nerves. On return lay on the bed and asked for a massage. Found out she was Lithuanian and liked London. Nothing else I said she understood. Never mind, got her to strip off and asked for CIM. She was wearing plenty of lipstick which she offered to remove but I said no. Got a very slow and gentle BBBJ. Final massage before departing. An 'Asian experience' without the Asian.
