The Premises:

First time I've been to Ruby's new location. It was fine. Parking right outside.

The Lady:

I'd gone especially to see Sam after reading the glowing reports on her. Although relatively early, she was already busy so I waited approx 15mins with the maid and Tania who was also working. Sam appeared after showing her previous punter out. She looks instantly like a girl who'd be up for a great time and very friendly.

The Story:

We chatted on the bed about services and I opted for OWW, CIM and copious amounts of rimming. Sam seemed only too pleased to accommodate me. She went downstairs with the paper work and then re-appeared smiling. We kissed passionately for a few minutes, then she laid me on my front and proceeded to lick my ass-hole with great enthusiasm. She also gave a filthy running commentary on all she did. Then she came up for air and I played with her clit until she almost came, then I laid her down and licked her clit (with finger in her ass) until she noisily (and genuinely) came !

Still flushed from her orgasm, she jumped on top and devoured my cock for ages, then I knelt up and she stuck her tongue one again deep into my ass hole. By now she was begging for my spunk and I got her to kneel down on the floor. She sucked my balls and stuck a finger into my ass, massaging the old prostate expertly. I opened her mouth and shot my cum into her throat and over her chin. She held it in there for a minute then swallowed the lot.

We then chatted for a few mins about life, football and stuff and she sent me away with a kiss.

Having lost contact with Emma, my regular girl, I now have found a more than able replacement. The first of many visits to come !
