The Premises:

A well run and organised establishment that's been going for years. The flat itself is ok and the room where the action takes place has a nice big bed and mirrored walls so you get to see all the action from every conceivable angle. There is parking over the road at another house on the street..just ask the maid for details when you call.

The Lady:

Lovely girl from Lithuania. She's a part-time lapdancer and sucks cock like its going out of fashion.

The Story:

By far and above the best girl at this place. She offers a typical EE service with lots of attention to the client and his tool :) On this particular occasion I hadn't had a wank or sex for over a week and was busting. When Vickie came into the room she immediately started sucking my nipples whilst we both stood up and reached into my boxers to unleash the trouser snake. I was immediately hard as anything and remember thinking to myself don't cum too soon for fucks sake...but this bird is really good and I mean really good. We then laid down on the bed where she started giving me a BBBJ and swivelled her ass round for me to play with her pussy. Her technique is really very good and within minutes I could feel myself about to cum so asked her to stop and fuck. She pulled my cock out of her mouth and started to swivel round ready to slide the rubber on and I came all over the place before she could get the condom out of the wrapper....I haven't shot like that since I was 18...it cleared her head and landed somewhere over the other side of the room (believe me I'm not joking). I just lay there feeling relieved and also a bit pissed off that I didn't get a chance to fuck her.....I've done that before and she is really rather good at that too. She was really cool about the whole thing and gave me a massage for the remaining 15 mins and we chatted about various topics before I left. Very satisfying punt that left me with shivering legs as I walked down the road...I'm sure everyone on this forum knows that feeling too.
