The Premises:

Very clean apartment just a few minutes walk from Baker Street tube. Easy to find. Mixture and businesses and residential street.

The Lady:

Very, very pretty. Better than website pictures. Lovely facially and her body was very well toned and a lovely complexion, not a blemish on her. She had the remains of an all over tan from a couple of holidays at the latter end of 2005. She wore the pink see through top as per website and matching pink bra and thong. She suits pink.

The Story:

Although she didn't FK as stated in the website this was the only downer. Started with some body exploration and she has the most wonderfully firm breasts and bottom of a 21 year old. Found out that this was only her first week so maybe a little nervous (like me). Went on to rub her beautifully shaved pussy and then the removal of all our clothes (though I only had a towel on following a quick shower). Her OWO (to CIM) action was smashing with a lovely tongue flicking action on my cock end. On completion, the full load taken and off she went to the bathroom to split (or rather cough up). Onto a lovely back massage. The feel of her very slight pussy stubble on my bum was magnificent. Quite happily onto round 2. I'd entered her pussy with cock and fingers in round 1 and wanted to come inside her this time -- leaning against the wall next to the mirror. It half worked out but ended up back on the bed wanking myself off as she played with her pussy and breasts. An exquisite site. Only minor irritation - the very squeaky bed, which we had a laugh about. All in all a very sweet girl. Once her English improves, she'll be even more fun. Treat her with respect, please.
