### The Premises:

In amongst a parade of shops next to Anerley train station. There is a back entrance, which is a bit more discreet, though I don't think there would be too much finger-pointing or name-calling if you went in from the High Street. Parking is straightforward enough, and inside the place is clean and obviously well run. If I had a criticism it would be that sometimes punters aren't completely shielded from each other - one wouldn't want to come face to face with one's boss/business rival/brother-in-law.

### The Lady:

There are loads of reviews of Debbie giving her description. Suffice it to say that she is a not a Page 3 model but is a very attractive and natural woman. She is in her 30's and I think she said she'd had three kids. She is busty and curvy, and has a very bright and sparky personality. If you pulled a girl like this every Saturday night, you certainly wouldn't be ashamed of yourself on Sunday morning.

### The Story:

I've been to Debbie's place a few times and have always enjoyed myself, particularly with Nina and Kelly. I had read reviews of Debbie but I wasn't sure we would hit it off sexually until I had seen her when she was maiding for Nina a couple of weeks previously.

Although Nina was a lot of fun and is highly recommended, Debbie looked very horny in a dress and knee-high boots, and I wanted her there and then.

Anyway, she works alternate Sundays, and when I woke up hangover horny after quite a heavy Saturday night's drinking, I decided to seize my chance. I went along at about midday, and luckily Debbie was just finishing off a punter and was soon free.

I have written just two reviews on Punternet before - one punt was very good, and the other really rather disappointing - so I'm moved to contribute only by experiences of either extreme.

This one was absolutely outstanding. When I read about Debbie on this sight, I thought, 'She can't be THAT good.'

Well, believe me, she is. I won't go into too many details, but for ?70 she said she would do a bit of roleplay and uniforms.

This isn't something I consider a pre-requisite, but I thought it might be fun, and she dressed up as a schoolgirl, with the scenario that she had been sent to the headmaster for flouting school rules by wearing thigh-high PVC boots.

For what must have been 45 to 50 minutes - although strictly I had only paid for 30 - we kissed, slurped, licked and fucked. We did it on the bed, the floor and on a table, and at the end I wanked over Debbie's tits as she licked my balls, whilst I licked her pussy which also had a dildo inside it.

I am a fairly regular punter and, like most people, have had good, bad and indifferent experiences, but this topped the lot.

After we had finished, Debbie and I chatted about the industry and our respective involvements in it. She is a personable, intelligent and very pleasant person who loves sex, which is how she manages to provide such an exceptional service.

I will certainly be back to see her - there is no question about that - and my only worry is that sex with Debbie might become addictive and therefore quite expensive.

But she is a mind-blowing punt, and I now see what all the fuss is about.

Kelly introduced Debbie by saying she was No 2 in the country.

All I can say in response to that is that I'd love to meet No 1.
