The Lady:

The pictures on the web site give a good indication of the lady, however she is more relaxed and attractive in person. She is not a stick insect but in proportion to her height and magnificent breasts.

The Story:

Once Ann had arrived I immediately divested her of all clothing and looked at her body. She has one of the best pair of breasts of had the pleasure to play with in a long time, she really enjoys having her nipples sucked. Anyway she is a nice girl and speaks good English. Her oral is fantastic and when I asked if she swallowed or trotted off to the bathroom she said it was up to me, she swallowed the lot more than once. Her pussy feels really good and is very tight. The only downside was I had to be somewhere very early in the morning and didn't really get a chance to enjoy her as much as I could have done. Would I return - oh yes.
