The Premises:

Safe area near Leicester Square, Discreet entrance, but somewhat hard to understand which apartment to enter. The room was OK, but the rest of the apartment was quite untidy and scruffy.

The Lady:

Vivian is definitively the girl on the website pictures, but she has changed quite a bit since taking the pictures (or they are heavily photoshopped). She is more full figured than in the pictures and her skin has stretchmarks. She has nice tits, which is important to me, but I was a bit disappointed with her appearance.

The Story:

She was too passive for my liking throughout the session. She performed OWO with CIM for round one. Oral was pretty good, but nothing special. After that we chatted a bit (decent English) and we did some more OWO and doggy for round two. Vivian was sympathetic and obliging, but I got a distinct feeling she does not like what she does, and this was a bit of a turn off for me. I was left with the feeling that she was merely waiting for me to finish off.

Having said that, I guess we didn't really hit it off with each other, and she could probably be a good punt for the right guy.
