The Lady:

The pictures on the Barracuda website are undoubtedly her - she was wearing the same shoes - but they give her an elfin look which she does not have in real life. Susie is much more a natural beautiful (rather than glamourous) looking young woman. She has soft breasts with long sensitive nipples (a word I had to teach her, she called them her breast points). She has smooth lightly-tanned skin, and noticeably prominent labia.

The Story:

Although this was the first time I have seen Susie, the instant I was through the door, she had whipped off my specs, and started French kissing and undressing me. A lot of kissing and caressing followed, standing, sitting then lying on the bed. When she kisses, her tongue is never still, and it was the same when she moved on to use her hands-free OWO technique, which is a delight. We moved on to sex in two or three positions, before I came in missionary. These days I can only come once, and it was probably too soon. Susie therefore gave me some Coke and then a long massage, but this gave an opportunity to relax and talk about various subjects.

Susie's English is reasonably good, and it is clear that she is a very intelligent woman, and would be worthwhile getting to know much better for this reason as well.
