The Lady:

20sumtihng blonde russian, not exactly a stunner but she's pretty enough, has a firm body that was probably very beautiful but guess london's fattening her up. Said she was goin to the gym though. Not a bad looking chick.

The Story:

Felt like mongering today so i tried to book sumone else but she was unavailable so i went for debbie coz she had some good reviews called te agency and everything was arranged efficiently made my way there (beware theres a coincierge and he seem's to know what's goin on coz when i asked for her flat he kinda smirked not that i was bothered just thot id say that) so made myway to her flat which is on the groud floor "thank god" its a maze there,was let in chatted a few minutes gave her the money which she didnt count"thats a first for me" i thought that was a very nice touch,anyway soon as i handed her the money she was all over me licking and kissing struggled outta my jeans and she told me to lie down and she then proceeded to give me probably the 2nd longest oral session i have ever had the pleasure of, after what seemed like ages it was on with the durex and she got on top and banged away all the while licking her nipples i then flipped her over and banged away till i came,got cleaned up and she immediately offered me a shower i thought great another clock watcher anyway i declined and got half dressed but she kept chatting and chatting away till my time was up.

Not a bad punt but i thought it was kinda mechanical + she shoood me out exactly 1hr after id walked in. Considering her other reports id say she was probably dying to go back to sleep or had sumthing else to do so i wont say that is an everyday occurence.
