A short walk from the tube. Place is ok - discreet, small room, clean and comfortable.

The Lady:

Lucy had been on my wish list for a while based on her photos and she also had some good FRs.

Unfortunately whilst it is her on the photos, I think they must have been taken by Stalin's photographer. She probably early 20s age wise. The photos bear little resemblance to her - she is plain looking, face is spotty, chubby bordering on fat, cellulite, spare flab and her tits whilst big are saggy. I can't believe other FRs have not pointed this out.

To be fair to Lucy, without any prompting from me did mention that she did not like her photos as they made her look far better looking than she is.

The Story:

My face dropped when I saw her but decided to stay as I was feeling horny and at least she had big tits.

At least it was her and not like the scenario of my recent punt with Mei of Wood Green which a few fellow punters have emailed me about where the wg was not the one on the website and my experience was completely at odds with the previous fr (one pointed out that Charlie Sheen who recommended Mei has a history of being the first to report on a girl and they're always positive so read into that what you wish).

Lucy says she's from Latvia (previous Frs have said she's from Siberia). Service wise was not too bad. Started off with french kissing, good suck on her tits and then owo. shot my load fairly quickly and cim (she went out of the room presumably to spit). But service was neither PSE or slow, teasing GFE - a bit mechanical.

She came back - still had 10 mins left - she cuddled up and had a bit of pleasant conversation so she can't be faulted on that front.

But given the disparity between Lucy in the flesh and her photos I cannot recommend (though its not one to avoid at all costs).
