The Story:

Jessica will role play if you provide the scenario. This will enhance the session as you will communicate sexually with her and she with you. She appreciated that I came with the following scenario. I was a slave in a female dominated land , I was being auctioned. Lady Jessica was the courtier to Queen Penelope who had to bid at the auction . I had a notice around my neck showing that I had an experienced tongue and lady Jessica took me to the Palace after inspection and purchase and then cleaned all the dirt off me with a golden shower.

Lady Jessica then tested me to see if I was suitable for a work position or the harem. She entered fully into the spirit of the story and made me clean her high heeled platform shoes. As I worked my way up her ankle straps I was staggered to look up and see her beautiful orifice waiting to test my experienced tongue. Similarly I was tested out on her nipples which showed such a reponse that she decided to put me in the harem and made me give her seminal fluid to give to her fellow courtiers to procreate

At the end of this most erotic session she said that she hoped all fantasy role clients would provide such a focussed picture so that she could play the role efficiently and enthusiastically within a minute of meeting her client.

So the lesson is dear reader prepare well and Jessica will give you her body and soul in a most

generous erotically stimulating fashion
